

GOLF APPRAISAL EXPERTISE

The most important element of selecting an appraisal firm for a golf property is experience. We've been "around the block" and at GPA we know what it takes to complete each golf course appraisal assignment the right way. GPA has done 2,500± assignments in all regions of the US, plus Canada, the UK and the Caribbean. We've done private clubs, semi-private clubs, resorts, municipal courses and daily fee facilities. It's pretty much all we do.

When you require golf property specialized appraisal or consulting services, give us a call and let's talk about how we can help solve your appraisal problem.

Laurence A. Hirsh
CRE, MAI, SGA, FRICS
