Planning to sell your golf course or club?

We can do it quickly and correctly.

Our brokerage practice is focused on successfully marketing golf courses in the Northeast and Mid-Atlantic region, where we're licensed (PA, NJ, MD, DE, NY, VA, FL), can be onsite quickly, if necessary, and where we're intimately familiar with the local market dynamics.

Whether you're developing an exit strategy out of necessity, or just trying to get an honest feel for your specific market, we can help. GPA will help prepare and market your golf property for maximum exposure and optimum pricing with a variety of plans to fit all sellers.

Let's talk.
